CLASS XI SUBJECT COMBINATIONS FOR AY 2019-2020

The Indian School Certification Examination (ISC) is a 2-year programme offered by the Council for the Indian School Certificate Examinations (CISCE). The course aims to prepare students to face challenges in a dynamic world, where the focus is on providing a sound knowledge base that is the foundation for any the course of study in higher education. In each of these streams English and SUPW are compulsory subjects; students need to choose four additional subjects called electives. The school varies the electives it offers as well as which subject combinations it can allot based on current trends and this varies from time to time. You may refer to www.cisce.org for the scope of syllabus.

GEA recognizes the need to offer a variety of subject choices for the students in their crucial years in Class XI and XII and we are happy to offer a wide variety of combinations. Currently, we offer the following groups from the list of subjects eligible in the ISC scheme of examinations:

SCIENCE STREAM

Combination ideal for JEE MAINS & ADVANCED & PMT (MEDICAL)

GEA SG-1
ENGLISH
PHYSICS
CHEMISTRY
MATHS
BIOLOGY

Combination ideal for PURSUING ENGINEERING - JEE MAINS & ADVANCED & MEDICAL (PCM COMPULSORY)

GEA SG-2	GEA SG-3	GEA SG-4	GEA SG-5	GEA SG-6	GEA SG-7	GEA SG-8

SOME SUGGESTIONS TO PARENTS AND STUDENTS WHILE CHOOSING SUBJECTS:

We are sure that you have thought a good deal about your child's future career and potential before making choices about the subject combinations for Class XI and XII. We urge you to also consider the following few points:

Note 1: The ISC curriculum is superior as compared to other Indian boards and also to the level that the students have been exposed to at the ICSE level. Do not make choices based on what the student's peers are making. Please make a realistic choice based on the child's passion and his capability. Do talk to the counsellor to make a realistic judgment.

Note 2: We understand that some universities require students to have done Mathematics up to Class XII in order to become eligible for a B.Com course. Kindly keep this in mind while selecting the groups for your son/daughter, after checking with those universities that he/she is likely to apply for pursuing his/her undergraduate course.

Note 3: The subject choices you give are binding. Change of elective subjects after admission is possible, only upto April 30th.

Listed below are various career choices and what we feel are the expected subject combinations at ISC Level.

<u>Career option</u>	<u>Expected Subject Combinations</u>	<u>Suggested 4th elective</u>
Environmental Sciences	Chemistry, Biology	Economics
Law – LLB, LLM	Commerce	Maths
Accountancy - B.Com, C.A, ICWA, C.P.A	Commerce, Economics, Accounts, Maths	
Economics - B.A., M.A.	Commerce, Economics, Maths	Accounts
Medicine - M.B.B.S., B.D.S. etc.	Physics, Chemistry, Biology	
Veterinary Science	Physics, Chemistry, Biology	
Life science - B.Sc., M.Sc.	Physics, Chemistry, Biology	
Genetics - B.Sc, M.Sc.	Physics, Chemistry, Biology	Mathematics
Architecture - B.Arch.	Physics, Chemistry, Maths	Art
Physical Science – B.Sc., M.Sc.	Physics, Chemistry, Maths	Computer Science / Economics
Engineering – any specialization B.E, B.Tech etc.	Physics, Chemistry, Maths	Computer Science

Subject combinations that the students can take are specified. However, please note that the combination group opted by the student can be confirmed by April, if at least 15 students opt for it.
